PLEASE TAKE THE FOLLOWING ACTIONS:

1. Review your inventory for the above listed product(s) and if on hand, place the product on hold and retain any empty cases/shippers.
2. Do not dispose of product unless specifically instructed by Sysco via formal notice.
3. A Sysco Operating Company representative will contact your location to arrange for product replacement and/or credit.
4. If you have any questions regarding this recall action, please contact your Sysco representative immediately.

NOTE: Receipt of this communication is NOT a confirmation that you have received affected product. This correspondence has been distributed as a courtesy to Sysco's corporate customers and QA teams as a notification of a recall/withdrawal/hold situation. If the unit locations received affected product, they will be contacted by the Sysco Operating Company that services them. If any one of your locations purchased this item(s), regardless of distributor, it is recommended that you check your inventory for affected product.
