

**URGENT – ONIONS 52 RECALL OF ONION PRODUCTS (US ONLY) MUA
IMMEDIATE ACTION NECESSARY**

Sysco Quality Assurance received updated information from Onions 52 and Thomson International indicating that they are expanding the date range of this recall (5/1/20 to 8/1/20). In addition to the expansion for the recall they have also identified new Operating Companies.

Below are a list of highlighted Sysco OpCo's that represents newly affected locations by the Onion 52/Thomson International recall.

IMMEDIATE ACTION NECESSARY

Recalling Company	Onions 52
Product	Onion Products
Action	Recall
Reason for Action	The reason for the recall is due to onion products potentially being linked to the Salmonella outbreak that the FDA & CDC have been investigating.
Reportable	Yes
Food Safety Concern	Yes

PLEASE TAKE THE FOLLOWING ACTIONS:

1. Review your inventory for the above listed product(s) and if on hand, place the product on hold and retain any empty cases/shippers.
2. Do not dispose of product unless specifically instructed by Sysco via formal notice.
3. If you have any questions regarding this recall action, please contact your Sysco representative immediately.

NOTE: Receipt of this communication is NOT a confirmation that you have received affected product. This correspondence has been distributed as a courtesy to Sysco's corporate customers and QA teams as a notification of a recall/withdrawal/hold situation. If the unit locations received affected product, they will be contacted by the Sysco Operating Company that services them. If any one of your locations purchased this item(s), regardless of distributor, it is recommended that you check your inventory for affected product.
